

SEMINAR/WORKSHOP

Introduction to SEARCH AND RESCUE K9

Are you looking for a job with your dog? Why not try Search and Rescue? It is challenging and rewarding for both dog and owner. Search and Rescue training helps to develop your dog's problem solving skills in tracking, area search, article search, obedience, agility, and

building search. Progression in SAR skills with a dog that has the required drives and skills will enable you to certify to the standards of CRDOGS. This will prepare you for certification under OSARVA/OPP civilian volunteer search and rescue provincial standards.

Instructed by
Dave Walker

CERTIFIED
POLICE SERVICE DOG
TRAINER & VOLUNTEER SAR K9
HANDLER OSARVA/OPP

Dave Walker of Command Response Dogs has been training Working Dogs, Police Service Dogs, Search and Rescue Dogs, CKC Competition Tracking, etc. for over 25 years. He is an internationally certified police dog trainer and judge. He is also a Volunteer Search and Rescue Dog Training Coordinator/Handler for a local police service and provincially certified under OSARVA/OPP. Dave will share his experience with you and your dog so that you both will be able to enjoy the challenging and rewarding experience of search and rescue. The course is designed for the working dog owner who is looking for something to do with their dog. Both the Seminar and Workshop will also be of interest to both novice and experienced existing search and rescue teams. All breeds are welcome and have to be at least four months of age.

SEMINAR (2.5 hrs)
(Humans Only)

\$50.00 (Plus 5% GST.) (Rens Pet Depot- Aberfoyle Store)

-Tuesday Evening 7-9:30pm

-Seminar Handout included. Prerequisite for the workshop.

-The 2.5 hour classroom seminar will take you step by step through the components of SAR...tracking, area search, article search, building search, water and cadaver search.

WORKSHOP (7 hrs)
(Humans & Dogs)

\$100.00 (Plus 5% GST.) with dog (working dog evaluation required)

\$50.00 (Plus 5% GST.) without dog
